Personnel	Personnel	• Vehicles (*)	Terradyne	Bearcat	
COUNTER ASSAULT AR400	QRF Team UTV/SQ400	AR400	SQ400	SQ200	UTV
	COUNTER ASSAULT #2 Beaver ESU Bearcat Must be SQ200	Drivers Beachem	Matthews	McDonald	Zal

BuC ESU’s Terradyne

(*) See my “Timeline Analysis – ESU Armor & Response.”for an explanation as to why I no longer track AR400 as an armor, and for a detailed analysis of the two vehicles throughout the day.

BeC ESU ’s Lenco Bearcat

Utility Terrain Vehicle (UTV)

Can-Am High Defender

(**Disclaimer:** This information is provided for investigation identification purposes only. No blame or fault is intended or implied.)

At 18:27:05, after arranging for CAT #1 to take the Terradyne to the hospital to support a request for tactical resources to set up a perimeter, Sgt. Lenz states that he requested North Hills SRT to backfill those resources. We can see in dashcam video that they do arrive, along with members of the City of McKeesport SWAT. It is not known if they brought their Allegheny County armor, but it would be safe to assume they did. They likely parked it on the rally side, perhaps near the BuC Command Center or along the AGR fence.

18:26:56	426	PD Ops 4	100502	Mikulan	Whichever element you have responding to the hospital have them link up with state police when they get here and set up a perimeter, whatever they can do
18:27:05	427	PD Ops 4	100501	Lenz	Copy, bravo1 is coming, and I have requested North Hills SRT to backfill.

Allegheny County

Near the end of the video below you can see Allegheny County’s armor. The North Hills and City of McKeesport, both of Allegheny county, responded to AGR 6 at approximately 19:50, having been requested by Sgt. Lenz to backfill CAT #1 since they supported the hospital visit.

Washington County

The WRSWAT’s Lenco Bearcat was not used at the rally, but they do have one.

Counter Assault Team

The Counter Assault Team (CAT) provides direct, tactical support to Secret Service protective details, including those of the president and vice president of the United States. CAT personnel receive advanced training in weapons handling, tactics and decision making. CAT’s primary function is to divert, suppress and neutralize an organized attack against a protectee, motorcade or supported location. To accomplish their mission, CAT personnel conduct thorough tactical advance planning and extensive coordination with supporting tactical entities.

CAT members are selected from the ranks of special agents.

“Sean Curran, the detail leader and top boss of Trump’s regular 60-member protective team, and his deputy, Matthew Piant, complained of **“rumors, innuendo and toxicity”** among the detail, as well as “selfishness and immaturity.

Curran was one of the agents who quickly used their bodies as human shields to protect Trump in the iconic photo of the assassination attempt showing the former president raising his fist, bloody and defiant, against the backdrop of an American flag.

“The top supervisors who had to sign off on the security plan for the Butler rally are Tim Burke, special agent in charge of the Secret Service’s Pittsburghh Field Office, and Nick Menster, assistant special agent in charge of the Trump detail.” (Source: [Real Clear Politics](#))

(Disclaimer: This information is provided for investigation identification purposes only. No blame or fault is intended or implied.)

Argument For Being Secret Service Operations

- 1. In area of tents where operations were believed to be stationed
- 2. All three were wearing suits (Pittsburgh Office Attire)
- 3. Talking with a USSS Uniformed Division Police
- 4. All three had their guns drawn, but hid behind the truck
