“Sean Curran, the detail leader and top boss of Trump’s regular 60-member protective team, and his deputy, Matthew Piant, complained of **“rumors, innuendo and toxicity”** among the detail, as well as “selfishness and immaturity.”

Curran was one of the agents who quickly used their bodies as human shields to protect Trump in the iconic photo of the assassination attempt showing the former president raising his fist, bloody and defiant, against the backdrop of an American flag.

“The top supervisors who had to sign off on the security plan for the Butler rally are Tim Burke, special agent in charge of the Secret Service’s Pittsburgh Field Office, and Nick Menster, assistant special agent in charge of the Trump detail.” (Source: [Real Clear Politics](https://realclearpolitics.com))

“That woman that we see, she was the shift lead. She was the one that a was running, she was the agent in charge number two. She is the one that conducted the advance, she did an abbreviated advance.” (Source: [Gary Melton](https://www.garymelton.com))

Secret Service Operations (2)

(Disclaimer: This information is provided for investigation identification purposes only. No blame or fault is intended or implied.)

Argument For Being Secret Service Operations

1. In area of tents where operations were believed to be stationed
2. All three were wearing suits (Pittsburg Office Attire)
3. Talking with a SS protection detail agent and a SS CAT member
4. All three had their guns drawn, but hid behind the truck

Note: Meredith and Myosoty are female names, and it's doubtful either of them are Eduardo Castro, Counter UAS Operator.

Dana Dubrey

Having not already been identified, and most likely not the unidentified female in President Trump's protection detail, this woman is most likely Myosoty Perez or Dana Dubrey.
